System Requirements

Modernizing Medicine's applications can be accessed from any Internet-connected computer that meets certain requirements. Listed in the table below are the minimum system requirements necessary to run our software, as well as what our team recommends.

Specification	Minimum	Recommended
Operating System	Any system capable of running Google Chrome v90 or newer / Mozilla Firefox v88 or newer.	
Screen Resolution	1280 x 1024[1]	1920 x 1024 or better
iPad	• For modmed® Practice and modmed® Add-On: iPad iOS 15 or newer. • For modmed® Kiosk: iPadOS 15 or newer. *Note:* (1) Due to security concerns, we recommend that iPads are updated to iOS 15 or higher; (2) Mobile web browsers are not supported. There is a high chance that the iPad Air 2 and iPad mini 4 will not be supported by Apple's upcoming iOS 16.	For modmed® Practice and modmed® Add-On: iPad 6th generation or newer, with iOS 15 or newer.
iPhone	For PocketEMA and PocketPatient: iOS 14 or newer. *Note:* (1) Due to security concerns, we recommend that iPhones are updated to iOS 14.4 or higher; (2) Mobile web browsers are not supported.	
Android	For PocketEMA: Android 6 and higher. For PocketPatient: Android 7.0 and higher. *Note:* Mobile web browsers are not supported.	Android phones and tablets running Android 8.0 or newer.
Apple Watch	Apple Watch with watchOS 3 or newer.	
External iPad Keyboards	We support the following external keyboards: • Apple's Smart Keyboard Folio for 12.9-inch iPad Pro (3rd gen) • Apple's Smart Keyboard Folio for 11-inch iPad Pro • Logitech Slim Folio Case with Integrated Bluetooth Keyboard for iPad *Note:* While other keyboards may work, only the three above have been tested with our products.	
Computer Web Browser	Google Chrome v90 or newer / Mozilla Firefox v88 or newer[2] *Note:* Desktop or laptop only; mobile browsers are not supported at this time.	
PDF Editing Software (optional)	In order to use the PDF Manager Functionality, you must have PDF editing software.	
Printers	Any printer that connects to a computer. For iOS printing, any printer that supports Bonjour.	
Scanners	TWAIN driver compatible scanners are recommended.	

Note: The devices listed may become obsolete and may need to be replaced with newer technology. The information contained herein is subject to change at any time, without notice, by Modernizing Medicine due to changes in technologies or specifications

1. Hardware specifications for a Mac computer can be found on its System Profiler. For Windows, please visit http://www.piriform.com/speccy.
2. If you experience problems with your product after installation of a Chrome or Firefox update, please revert to a version of the browser known to work correctly.
